PREFACE

In presenting to the citizens of Valparaiso and Porter County business men our third volume of Valparaiso City and a list of residences, business men and miscellaneous societies in the following towns in the county classified by themselves, Chesterton, Kouts, Boone Grove, Hebron, Hurlbut, Burdick, Furnessville, Porter, Babcock, Woodville, Crocker, Crissman, Mc Cool, Suman, Malden, and Wheeler. Also Rural Routes from the following Towns and Cities: eight Routes from Valparaiso, four from Chesterton, three from Hebron and one from Kouts, we congratulate them on the apparent prosperity of the city of Valparaiso, it will be found from observation that the Directory of Valparaiso City contains 3,235 names, multiplied by $2\frac{1}{2}$, which is a very small ratio, gives your city a population of 8,087 $\frac{1}{2}$. These figures do not include the students at the Normal College. Adding then, the average attendance of that institution of 2,000, we have a total population of 10,087. We have used great care and diligence in procuring information and we think the public will find this, our Third volume, as correct and reliable as it is possible to get up a work of this kind. We tender our thanks to the business and professional men of the city and county for their liberal patronage and will make it our endeavor in two years to publish our Fourth issue. Also we most heartily appreciate the courtesy and support that has been shown the Directory by the daily and weekly papers in the county, which have been a great assistance to us. In closing this brief introduction of the Third issue of our Directory, we warn you to beware of directory borrowers and thieves.

Very respectfully,

BUMSTEAD & CO.

You can do business with us by mail. Endorse your checks and drafts to our order and send them to us by mail and receive credit. Your checks on our bank will pay your bills.

We furnish checks and pass books free and return your checks to you after payment. They become when returned your best receipts for moneys paid.

THRIFT TRUST COMPANY.

WM. E. PINNEY, President.
LESLIE R. SKINNER, Vice-President.

PAUL NUPPNAU, Secretary.
JOHN L. JONES, Asst. Secretary

The THRIFT TRUST COMPANY has in less than a year become a very useful financial institution. However, it is yet small as compared with what we hope and believe it will be a year from now.

The best way to avoid the loss of your valuables is to keep them in our

Safe Deposit Vaults.

We think they are absolutely fire and burglar proof. Every day you read of burglaries and destructive fires, resulting in heavy losses of valuables. Every one of them should be a warning to you to place your valuables where they will be out of danger—in our safe deposit vaults. A very small sum will pay for all the security and convenience we can furnish our patrons.

The THRIFT TRUST COMPANY is a legal depository for state, county, court, corporation and other trust funds and for individual savings. It RECEIVES MONEY in small or large sums and pays interest on time deposits.

It makes

MORTGAGE LOANS,

EXECUTES TRUSTS,

ACTS AS EXECUTOR AND ADMINISTRATOR.

ACTS AS TRUSTEE,

ACTS AS AGENT,

ACTS AS CUSTODIAN.

Its SAVINGS DEPARTMENT is already doing great good.

Married women can get special service with reference to their individual estates.

Money and property received in trust for minors, drunkards, spendthrifts and others.

Wills drawn and cared for without expense.

Patrons may select their own attorneys when legal services are needed or desired.

Consultations about business and financial affairs free and confidential.

Abstracts of Title

should be prepared by a LAWYER who understands the essentials of a perfect title, the various kinds of estates and the material points of Court Records if you wish to show your title just as it is. Many a good sale is lost by this neglect. To prepare an Abstract requires also a complete set of ABSTRACT BOOKS. Otherwise, instead of a complete Abstract, you may only have a guess coming.

WADE & WISE, PRINTERS

THIS IMPRINT TELLS THE TALE

It's the story of good work from start to finish. It bears evidence of thoroughness-it is finished-it is dependable. That's the reason so many business men want the Wade & Wise imprint. We have confidence in our printing productions, which is the most essential feature in the production of good printing. We always find time to get down and do the little things, the humble things, the things that require grinding, to make as near perfect as we know how every piece of printing produced in our shop.

VALPARAISO

All Works of Taste

MUST bear a price in proportion to the skill, taste, time, expense and risk attending their invention and manufacture. Those things called "dear," are, when justly estimated, the cheapest: they are attended with much less profit to the Artist than those which everybody calls "cheap." ¶Our job work is of uniform quality. We treat the small and large jobs alike, turning them over to experienced artists who have constantly kept pace with the advancement in the Printing Art. ¶The sketchy and artistic Borders and Ornaments in our shop have all been selected with a view to meet the exactions of those interested in attractive typography. We want your work.
