NO. 1

**LT. JOHN D. BOROWSKY  
ASSIGNED TO CAMP CALUMET**

Lt. John D. Borowsky has been assigned to Camp Calumet as subaltern, effective Dec. 27th. He will take the post formerly held by Lt. William K. Naylor, Jr. Lt. Borowsky reported to Lt. George E. Wiley Camp Commander on the date specified and has already gotten into the spirit of the organization. He has made an excellent beginning in initiating his service here and is well liked by all with whom he has come in contact. We desire to wish Lt. Borowsky the best of luck and believe that he will make an excellent record at Camp Calumet.

We understand that Lt. Borowsky is to be married soon and we desire to extend our felicitations and very best wishes for long and happy married life.

**CAPTAIN SONNICH AUDITS BOOKS**

Captain Eric Sonnich, Lebanon Sector Commander, audited the funds of Co. 1583 on January eleventh.

**Camp Calumet Begins 23rd Quarter  
Great Strides Have Been Made**

Camp Calumet begins its twenty-third quarter of educational activities on January sixth, 1941. It is encouraging to note the great advancement that has been made in all phases of the camp's educational program. Not only in the number and variety of courses that are now being offered but in the physical set up and equipment. In the old days the 'shop' work consisted of a long library table and a few tin cans and hammers for some work in tincraft. Now housed in a building exclusively for woodworking classes in which lathes, drill press, bench saw, band saw, and a long list of excellent hand tools, are only part of the facilities for an excellent course in woodworking activities. A sound and silent moving picture machine, strip film, are now owned by the company and a program of entertainment pictures is part of the weekly program. Yes, a great improvement! 1935-1941!

## Defense Training Program Receives Added Emphasis

With the addition of sixty-two new members to Camp Calumet the 27th of January, there will be the addition of sixty-two to the Red Cross First Aid class. The giving of First Aid training in the CCC is now mandatory. This has always been mandatory in Co. 1583. A new instructor in our company is now available in the person of our Company Clerk, Steve Hohas. He now has an instructor's card and will be used to assist Dr. Malcom B. Fyfe who has charge of and directs all First Aid training

## WPA Takes Pictures Of Educational Activities

The Works Progress Administration sent an official photographer from Indianapolis to take some pictures of educational activities in Camp Calumet. Pictures were taken of the shop activities and academic subjects in the educational building.

## SIXTY-TWO MEMBERS IN NEW CITIZENSHIP TRAINING CLASSES

Sixty-two members, inducted into service on January 17th, are now enrolled in citizenship classes as of January 20th. Two classes are to be held weekly, one at 6 P.M., Monday and one at 7 P.M., Tuesday.

## Blacksmithing Class To Be Initiated By Technical Service

The Technical Service of Camp Calumet has announced the opening of a class in blacksmithing. It is to be housed in the new building recently constructed for a Blacksmith Shop. It is believed that it will prove a valuable addition to the list of educational activities now in operation in camp. Mr. John R. Fabing, Camp Superintendent, requests that all members interested, make application to the Camp Educational Advisor for enrollment in the new class.

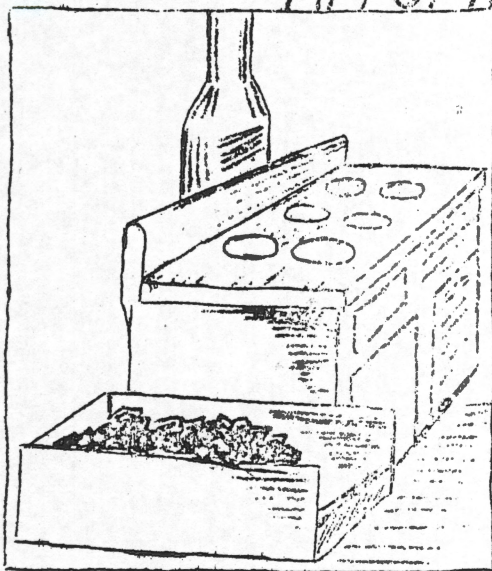

## Several New Members To Be Added To Woodworking Activity

Several new members are now to be added to the shop classes. This is possible due to the discharge of members as of the end of the preceding quarter. The woodworking activities of Camp Calumet have always been an important phase of the camp's educational program. It has proved valuable in training many of the boys to use hand tools and power tools as well. Many useful projects have been completed for the camp. Some of these include desks for the educational building also for the orderly room and cabinets and desk for the infirmary. Twenty writing desks have been made for the class room. More writing desks are to be made.

## KITCHEN SMOKE

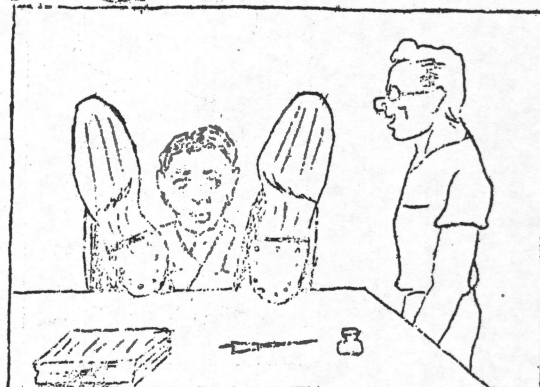

### COOK LEAVES CAMP FOR THE ARMY

One of our new cooks who came to us last October has left to go to the army. Ferguson proved to us that he was a good man and a good cook, he will be missed by all but in the kitchen he is missed most. He left for the draft January sixteenth and is now at Fort Benjamin Harrison, Indianapolis, Indiana. We all wish him lots of luck and hope that he likes the army. He was one of the two that was called by the draft from this company.

Vance Thompson one of our most famous K.P.s. has at last been awarded and will be sent to London Ohio for a course in cooking and baking. He will leave soon. We hope that you will like it there Vance and learn to be a good cook, as perhaps it will make it easier for you to get a wife if she thinks in the manner of cooking and baking.

This just shows you that any boy who works hard in this company will sooner or later get his chance to move forward to a better job. This should make all the K.P.s. work harder and keep the kitchen clean. Who knows maybe you will be next.

Kemery; "Massoth, will you get me a bottle of milk"?

Massoth; "Slurp, sllurp, you know I will Kemery"

Pop Smitha looking at the menu; "Say what is that for dinner soup or potatoes"?

Peterson; "It is soup you dope!"

Cox looking at the menu; "Hey Kemery, what the heck is this omitted"?

Kemery; "You are the cook!"

"HO"

THEY

LOOK

Since Ferguson has left Cox has taken over this place on Pop Fowers' shift and is doing very nice. He will get an increase in salary.

Peterson who was cook and then had to go back to K. P. and then went to London to the cooking and baking school is now cooking again and is doing a very nice job of it.

SCS NEWS

By

Reuel Trusler

ASSISTANT ADMINISTRATIVE CLERK  
LEAVES TO ATTEND SCHOOL

Our very worthy and capable Assistant Administrative Clerk, Jack Santo, who departed from the Technical Service January 24, 1941 to attend school at the Bryant and Stratton Business College, located at Chicago, Illinois, was quite a shock to the SCS Office Force and also the Personnel.

Jack served us faithfully practically all the time he was enrolled in the Civilian Conservation Corps and we feel sure he will make the best at anything he undertakes.

NEW DESK ARRIVES FROM THE AREA  
OFFICE

Mr. Vanderbosch who made a trip to the Area Office at Logansport, Indiana on Official Business Thursday January 23, 1941, returned with a new desk for the Camp Superintendent, Mr. John R. Fabing. The desk Mr. Fabing had previously used, which was a typing desk, replaced the one Reuel Trusler had been using, which was in turn, turned over to Bill Hajduk. This was quite a movement around but very much to the advantage of the Office and Office Force.

ADMINISTRATIVE AND RECORDS CLERK  
RETURNS FROM LEAVE

Lester McClannen, Administrative Clerk and Bill Hajduk, Records Clerk of CCC Camp SCS-20, who took their six day leaves consecutively are once again back at their usual

routine of work. These two clerks were missed considerably while gone and their welcome back could not be expressed in words.

CAMP MECHANIC RETURNS  
FROM SICK LEAVE

Mr. John L. Henderson, Camp Mechanic, who has been very ill, returned to camp Tuesday, January 25, 1941.

He was granted sick leave January 7, and during this time, January 7, to 25, he was bedfast part of the time. There is no need for us to express our sympathy for him here in black and white but we can say we're glad he recovered and returned to camp with no serious ailments.

GUY TINDLE SECURES EMPLOYMENT  
AT MUNITIONS PLANT

Effective January 16, 1941, Guy Tindle is no longer a member of the Technical Service Staff, but rather a Civilian Employee. He decided he could make more in Civilian Employment than here so he accepted a job with the Munitions Plant at Union Center, Indiana.

His work there consists mostly of surveying which he has had plenty of experience, and should work right up to the top. Maybe in time to come (if he don't get too grey-haired) he'll be hiring his friends here at Camp SCS-20.

His title while here was Minor Assistant to Technician which was a branch of the Civil Service.

HOW THEY STAND

- Carel, Weight 135 Age 18 L. W.
- Baughmer, Weight 170 Age 19 L.H.W.

- Dowden, Weight 135 Age 19 L. W.
- Erbe, Weight 175 Age 17 L.H.W.

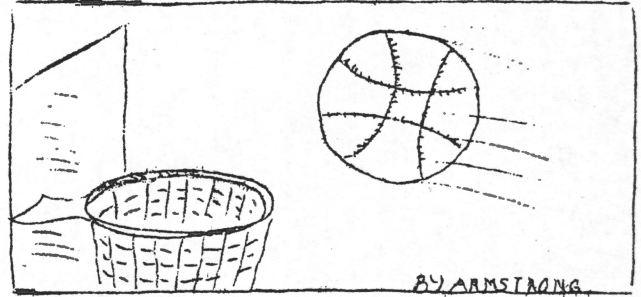

THEY ARE DOING FINE

The boxers of old 1583 are getting along fine and seem to be getting better as they go along and even faster than was expected of them. They are trying hard and are getting somewhere by it. We are betting on them on the golden glove tournament held at Gary soon.

Try our bouts were held in Gary on Friday the twenty-fourth and all the boys seemed to come out in the best of shape.

They have been training at the gymnasium in Valparaiso and sparring between themselves here at camp

As there is a group of new boys have been enrolled in camp and there is a chance that some of them would like to have a chance to enter in the tournament see Walter Campbell at the Infirmary.

WHAT WE CAN DO WITH A REST

After a four weeks lay off the camp basket ball team came back from Christmas and New Years leave just twice as tough as before.

In the first game of the New Year the basketceers gave the Medaryvill camp team their worst defeat in years, on the latters own court.

Our boys ran into the floor to grab a lead, which never changed hands. The final score was 53-15 in a game which uncovered four possible new stars. The four new men are; George Balda and Tony Fishcar who were high point men with ten points apiece, Your editor, Bob Davis, who made four foul shots on five attempts in the last four minutes to play, and last, but not least "Minute Man" Zark, who made three baskets for as many shots as a sub in the last four minutes to play.

The following week our team traveled again, this time for another victory. Monon was the victim of this assault, going to their hands and knees to the tune of 44-28. The small Monon showed great fight and spirit in the game, but, were snowed under for the lack of height. In this game the usually reliable Richards was once again high scorer for the home forces, with Balda and Fishcar playing fine games. Monon's long shot artist, Phearson, was second to Richards in the scoring department.

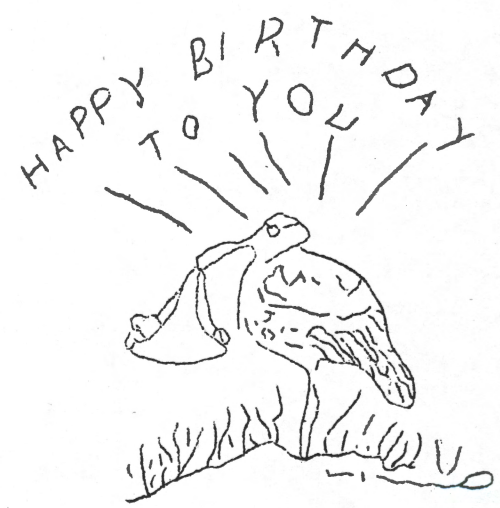

DECEMBER 23 TO JANUARY 21 ---- (CAPRICORN) ---- Your management and attitude toward responsibilities will tip the scales as you direct them! Be co-operative. Due to the fact that the paper is printed only the last of each month we use only birthdays between the first and last of each month.

"CAPRICORN", WE SALUTE YOU
