VOL. 9

PUBLISHED WEEKLY BY CCC COMPANY 1583 VALPARAISO INDIANA

NO. 12

NO MORE APPLICATION FOR KP TO BE ACCEPTED UNTIL FURTHER NOTICE

THE VALPO VANE CHANGES ITS POLICY TO ISSUE A PAPER WEEKLY FROM DEC. 1ST

KP is not what it used to be. As who cannot remember when it was considered a punishment or akin to it to be drafted for KP duty. Not any more.

Just this last week Lt. Geo. E. Wiley secured a Hobart mixer and a Hobart dish washer to be set up in the modern kitchen of Co. 1583. It isn't a drudgery anymore to mash a pan of spuds or to peel a bushel or so of them. That is why the restriction on further applications. We have all the applicants we need for some time to come, thanks to the new devices, designed to remove the drudgery from kitchen police.

"Mutiny in the Arctic" was featured at Camp Night, Thursday evening, Nov. 20. The picture was enjoyed by a large number as most of the members remained in camp for a THINKSGIVING DINNER.

Chaplain Doyle D. Warner visited camp on Monday evening, Nov. 24th, for services and consulting with the boys on things spiritual.

Archie Reynolds, former Ass't EA of this company and a member on the staff of the Valpo Vane, is now on the staff of the Whitley Republican of Williamsburg, Kentucky. Why, Archie, we didn't know there were any (Republicans) in Kentucky. Loads of luck; Archie, we knew you would make it. Thanks for the paper!

Beginning with this issue of the Valpo Vane, this company is to receive its newspaper a little oftener, once each week. Beginning with the Dec. 1st. issue a new policy will be initiated to give the members a camp newspaper once each week instead of monthly. We hope that this weekly edition of the Vane will prove more popular with the enrollees than the monthly issue. In any event we can give this policy of a weekly paper a try and if it is not popular and desirable than the monthly issue, we can change our publication to its monthly status. We shall depend upon the reaction of our members and readers and their verdict will determine the fate of this new form of the Valpo Vane.

There will be no change of staff on the newly created weekly. The new publication will still have Editor Mausen and Ass't Setser, Jr. who does most of the work and who is responsible for the setting of all the type and for proof reading all of the material. It was mostly due to Setser's suggestion that a weekly publication has been tried.

An oyster met an oyster
And they were oysters two
Two oysters met two oysters
And they were oysters, too
Four oysters met a pint of milk
And they were oysters stew.
